

SERVICE

- Innovative Custom Synthesis
- Analytical Services & Quality Control
- Technical Consultation

COMMITMENT

- Commitment
Commitment to fulfill the quality and timeline requirements
- Intellectual Properties Protection
We understand the importance of confidentiality based on our business experience with pharmaceutical customers

NEWS

CPhI Shanghai 2008, booth # 2K02
CPhI 2008 Frankfurt Hall 6.1, Booth# 61F31
CPhI worldwide 2010 Paris Nord Villepinte, France 5-7 October, 2010, Booth# 5K100(Hall 5A)

Innovative Custom Synthesis

- Organic process research and development
- Process scale up and custom manufacturing
- From grams to multi-kilograms
- Sample and impurity preparations

→ more

Facilities and Equipment

- 17 Organic chemistry laboratories
- 2 analytical centers
- 1 clean room (cGMP for CTM) and 2 stability chambers
- Facilities include 67 fume hoods (11 walk-in fume hoods)
- Agilent-1200 HPLC systems and Agilent-6890 GC systems
- Karl-Fisher titrators, etc
- Access to 400MHz Bruker NMR, GC-MS, LC-MS

→ more

Commitment

- Commitment to fulfill the quality and timeline requirement
- Analytical chemistry laboratory
- Communication and customer services
- Operation under confidentiality agreement

→ more
